- Develop and determine the best designed policy for each client
- Discover and determine additional ways to help clients with their needs
- Respond to client questions and service requests
- Process applications, new policies, proposals and renewals, and more
- Get your property & casualty (P&C) license

We hire both seasoned insurance pros and people new to the business. Successful Client Managers on our team come humble, hungry, and people smart and committed to continuous growth and improvement.

We work according to a set of principles that keep us focused on connecting with people; creating remarkable experiences for our clients and team; and taking the necessary risks to improve and simplify life for the people we serve.
