

# More Opportunity.

Associate Analyst, Healthcare & Benefits

## Description

Health insurance and healthcare are one of the biggest investments businesses make in their people. And this investment seems to get bigger every year.

We use data, analysis, and forecasting tools to help businesses predict and plan for healthcare costs. Our Analyst Team leads these efforts – using state-of-the-art underwriting software and tried-and-true forecasting methodologies.

### On our team you will:

- Gather, organize, and report on healthcare claims data
- Support our Lead Analyst in preparation of monthly reporting
- Learn how to underwrite and forecast healthcare claims cost
- Complete standard and custom population health reporting requests from clients
- Collaborate with the Client Management & Consultant Teams to support all Lacher clients
- Get your life & health insurance licenses (L&H) license

## Experience & Skills

Successful Team Members come humble, hungry, and people smart – and ready to invest in themselves, our team, and our clients. Associate Analysts are organized, with a rigorous attention to detail, and enjoy collaborating with a team. At Lacher, we work hard and have a lot of fun doing it – the result is a strong culture of collaborative people who are more than the sum of our parts.
